

The Electric Vehicle Society of Canada

Who we are - What we do

We are a non-profit group of Electric Vehicle (EV) Enthusiasts, Engineers, and Environmentalists. We are vitally concerned with clean Electric Transportation.

We meet at Centennial College, Scarborough, Ashtonbee Campus, 7:30pm, room B216 - the Third Thursday of the month, excluding July and August. See: www.evsociety.ca/meetings.php

We have displayed EVs at the Toronto Auto Show, Skills Canada, Molson Indy, The Independent Power Producers Society of Ontario (IPPSO) and The Electric Distributors Association (EDA).

We encourage vehicle conversions from gasoline to electric by Canadian Automotive Students and we are available to offer a seminar to assist the students. Want to purchase EV's? We will try to offer information on make and availability.
